Grate cleaning side with notches

Grate Cleaning

Cleans better, safer and cheaper than wire brushes or other cleaning tools. Simply push the grate cleaning side of the tool back and forth using the correct size notch. Clean the underside by “hooking” under the grate with the hooks and push back and forth.

- Surrounds and easily cleans the top, sides and underside of the grate.
- Underside cleaning reduces flare ups.
- Cleans most types of grills & grates.
- Does not gum up, splatter all over you or wear out like a wire grill brush and there are no bristles to break off and get into your food and make you ill.

Food Turning

With just a quick flip of the wrist securely and quickly lift and turn any type of meat: steaks, hamburgers, hot dogs, etc. + vegetables, fruit, & more! Insert the hook point into food and rotate toward food. Lift and lay on other side. To release rotate away from food!

- Does less damage to meat than other grilling tools. Just hook into the fat, meat edge or prick the meat surface.
- Keeps food clean. Does not scrape up grill grit like a spatula or tongs.
- No more dropping of expensive food.

Other Features

- Designed for both right and left hand.
- Long 18” length helps prevent burns.
- Won’t corrode. Made from high grade stainless steel, comfortable hardwood handle, stainless steel hanging chain.
- Very strong, dishwasher safe top rack.
- Limited lifetime warrantee.
